

CHERUKU RISHITHA

Computer Science & Engineering Undergraduate | B.Tech 2026
+91-6301580076 | cherukurishitha081@gmail.com | Hyderabad, Telangana
linkedin.com/in/rishitha-cheruku-9714b93411 | github.com/Rishitha2814

PROFESSIONAL SUMMARY

Computer Science undergraduate (B.Tech, expected 2026) with hands-on experience in full-stack web development (HTML, CSS, JavaScript), back-end systems (Java, Python, MySQL), and data analytics (Power BI). Demonstrated ability to apply machine learning techniques — including XGBoost — to real-world datasets. Passionate about building efficient, scalable web applications and solving data-driven problems.

EDUCATION

Bachelor of Technology – Computer Science and Engineering <i>Vignan Institute of Management and Technology for Women CGPA: 8.5 / 10</i>	2022 – 2026
Intermediate (MPC) <i>Narayana Junior College Score: 954 / 1000</i>	2020 – 2022
SSC – Secondary School Certificate <i>Devendra Vidyalaya Score: 10 / 10</i>	2019 – 2020

TECHNICAL SKILLS

Programming Languages: Java, Python
Web Development: HTML, CSS, JavaScript
Databases: MySQL, MongoDB, SQL
Machine Learning & Analytics: XGBoost, Scikit-learn, Power BI
Tools & Version Control: Git, GitHub

PROJECTS

Advanced Customer Churn Prediction

Tech Stack: Python, XGBoost, Scikit-learn, Pandas

- Built a machine learning model using XGBoost to accurately predict customer churn, achieving strong classification performance.
- Preprocessed datasets by handling missing values, encoding categorical variables, and performing feature selection.
- Tuned hyperparameters and evaluated model performance using precision, recall, and F1-score metrics.

Traffic Accident Hotspot Analysis

Tech Stack: Python, REST APIs, Machine Learning, Data Visualization

- Analyzed traffic accident datasets to identify and visualize high-risk geographic zones.
- Integrated real-time weather data via REST APIs to correlate environmental factors with accident frequency.
- Applied machine learning techniques for accident prediction to support road safety and emergency response planning.

INTERNSHIP EXPERIENCE

Web Development Intern

Bharath Intern

- Developed and maintained web pages using HTML, CSS, and JavaScript as part of a structured internship program.
- Gained hands-on exposure to front-end development workflows and responsive design best practices.

CERTIFICATIONS & TRAINING

- NPTEL – Programming in Java
- Power BI Job Simulation Certificate
- IBM Workshop on Cloud Services and Machine Learning
- Web Development Internship Certificate – Bharath Intern
